About US

DAE HWA Indonesia, an Experienced manufacturing company, is here to offer precise solutions for plastic vacuum and thermoforming packaging needs across all industries, as well as to provide services and supply parts for the electronics, automotive sectors.

Our Values

Integrity

- # Uphold moral standards
- # Keep promises
- # Avoid lies
- # Be honest and trustworthy
- # Think positively
- # Keep information confidential.

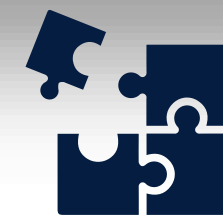

Excellence

- # Train employees to understand how to provide the best service.
- # Recognize consumer types and needs.
- # Be friendly and agile.
- # Listen and accept complaints well.
- # Focus on service.
- # Respect Customer decisions.

Collaboration

- # Collaboration can generate new ideas and concepts.
- # Collaboration can solve problems together.
- # Collaboration can produce greater results than could be achieved separately.
- # Collaboration can increase team success.
- # Collaboration can produce a healthy employee experience.

Innovation

- # Adapting to the environment or market demand.
- # Increasing competitiveness.
- # Differentiating oneself from competitors.
- # Attracting more customers.
- # Meeting customer needs.
- # Bringing significant changes in company operations.

Vision

The Best Company in a Competitive QCD Field

Strategy

We provide Best Quality, Cost, Delivery in :

1. Customer Relationship
2. Cost Component
3. Develop Competitive
4. Technology leadership

Product Categories

Vacuum Forming#1

01

Vacuum Forming is one of the oldest and most common methods of processing plastic materials. Vacuum formed products are all around us and play a major part in our daily lives, such as **food tray, Blister, electronics tray, and others packaging application.**

Our advantage :

Customized product as customer needs, Blister or packaging tray used **PET, HIPS, PP, PC, PVC, HDPE**, from 0.12mm to 5mm, minimum 480mm and max 1100mm width of product. And with highspeed vacuum forming machine in the clean room area, we can support food, electronic, & cosmetic packaging industry.

Die Cutting Press #2

02

Its laminating & converting the material customized design as customer needs we offer precision die cutting of **Plastic sheet, EMI/AL Gasket, Rubber, Thermal pad, PU Foam and etc.** Mainly used in Electronics products, Home appliance & Automotive Industries.

Our advantage :

Lamination & converting in one stop production line.

Printing & CNC #3

03

Silk screen Printing is our special technology process. we offer which includes **printing for Decoration sheet, Inlay label, Sheet Panel, Logo, Deco Plate and etc.**

Our advantage :

we have facilities such as Auto silk screen printing machine, Clean booth and CNC machine To achieve high quality and productivity.

'TORAY'
Toray Industries, Inc.

CIE-23033 PET Sheet Extruder Machine

Capability :

- Raw Material : **APET/PETG/RPET/PLA/PP/HIPS, 100% recycle flakes.**
- Sheet thickness : **0.15-1.5mm**
- Net sheet width : 800mm, 1000mm, 1100mm, 1200mm, 1300mm, 1400mm, 1500mm
- Layer structure : 1- layer/2 - layer/3 -layer
- Extruding capacity : 400-1000 kg per hour
- Install/Consumption power : 400 KW/200 KW
- Product Category : **Laminated Tube, Bubble Film, Pe Film, Plastic Bottle, Plastic Pipe, Plastic Sheet**
- Applicable industry : **Manufacturing Plant, Machinery Repair Shops, Food & Beverage Factory, Farms, Printing Shops, Construction Works, Food & Amp; Beverage Shops.**

EXTRUSION / FORMING

鑫迪机械

Vacuum Forming

Capability :

- * Various type of Plastic Sheet : PET, HIPS, PP, HDPE, ABS, PC, PMMA, PS, IXPE and IXPP Foam Sheet.
- * Material thickness range: 0.1mm up to 3.2mm
- * Size part from small to big size up to 1300mm x 1600mm
- * All kind of **plastic tray / packaging for various Industry and Vacuum for Automotive Parts.**

Production & Facility

High Speed Vacuum & Thermo Forming

Capability :

- * Multi station, forming, punching, cutting inline process.
- * High precision and huge quantity output.
- * Suitable for : **Biscuit Tray, F&B cup and lid, Catering tray, Blister with medium and high volume.**

Production & Facility

Big Size Auto Press / Die Cutting

Capability :

- * Kiss / Half and Full Cutting process
- * Width of material up to 1300mm
- * Suitable for **Automotive Part, Television Part.**

Production & Facility

High Speed-Auto Press/ Die Cutting

Capability :

- * Kiss/ Half and Full Cutting process High Speed up to 0.5 second per cycle.
- * Suitable for **Electronics Part: Digital. Camera, Mobile Phone, Audio Video Part.**

Production & Facility

Slitting & Die Cutting

Capability :

- * Precise cutting and slitting for narrow sizes, with a minimum width of **2mm**
- * **Can roll to sheet lengths of up to 2500mm and also offer Roll to Roll**

Automatic Slitting

Capability :

- * Precise cutting/ slitting narrow size minimum **5mm**
Roll to roll cutting only.
- * Suitable for **All kind of Protection Film, Single Adhesive Tape, Double Side Adhesive Tape.**

Production & Facility

CNC Router with multiple spindle

Capability :

- * Precise and smooth cutting result
- * Can cut materials : PC, PMMA, Aluminium Sheet
- * Suitable for **Window Panel, LCD Panel.**

Production & Facility

Auto Silk Screen Printing

Capability :

- * Unlimited color number
- * High precision and speed
- * Suitable for: **Label, Decoration Panel, Inlay Panel, Meter Guide, Speedo Mater Panel, Window Printing.**

Production & Facility

Pad Printing

Capability :

- * Printing process that can transfer a 2-D image into a 3-D object.
- * Suitable for: **Cosmetic packaging, Automotive Parts.**

Plastic Box Making Machine

Capability :

- * High output with speed up to 0.5sec /cycle
- * Suitable for **PET, PP and PVC** with printing and without printing

Power Press Machine

Capability :

- * Finishing cutting press for thick raw material sheets
- * Suitable for : **Decoration Plate, Inlay Back Panel, Window Front Panel**

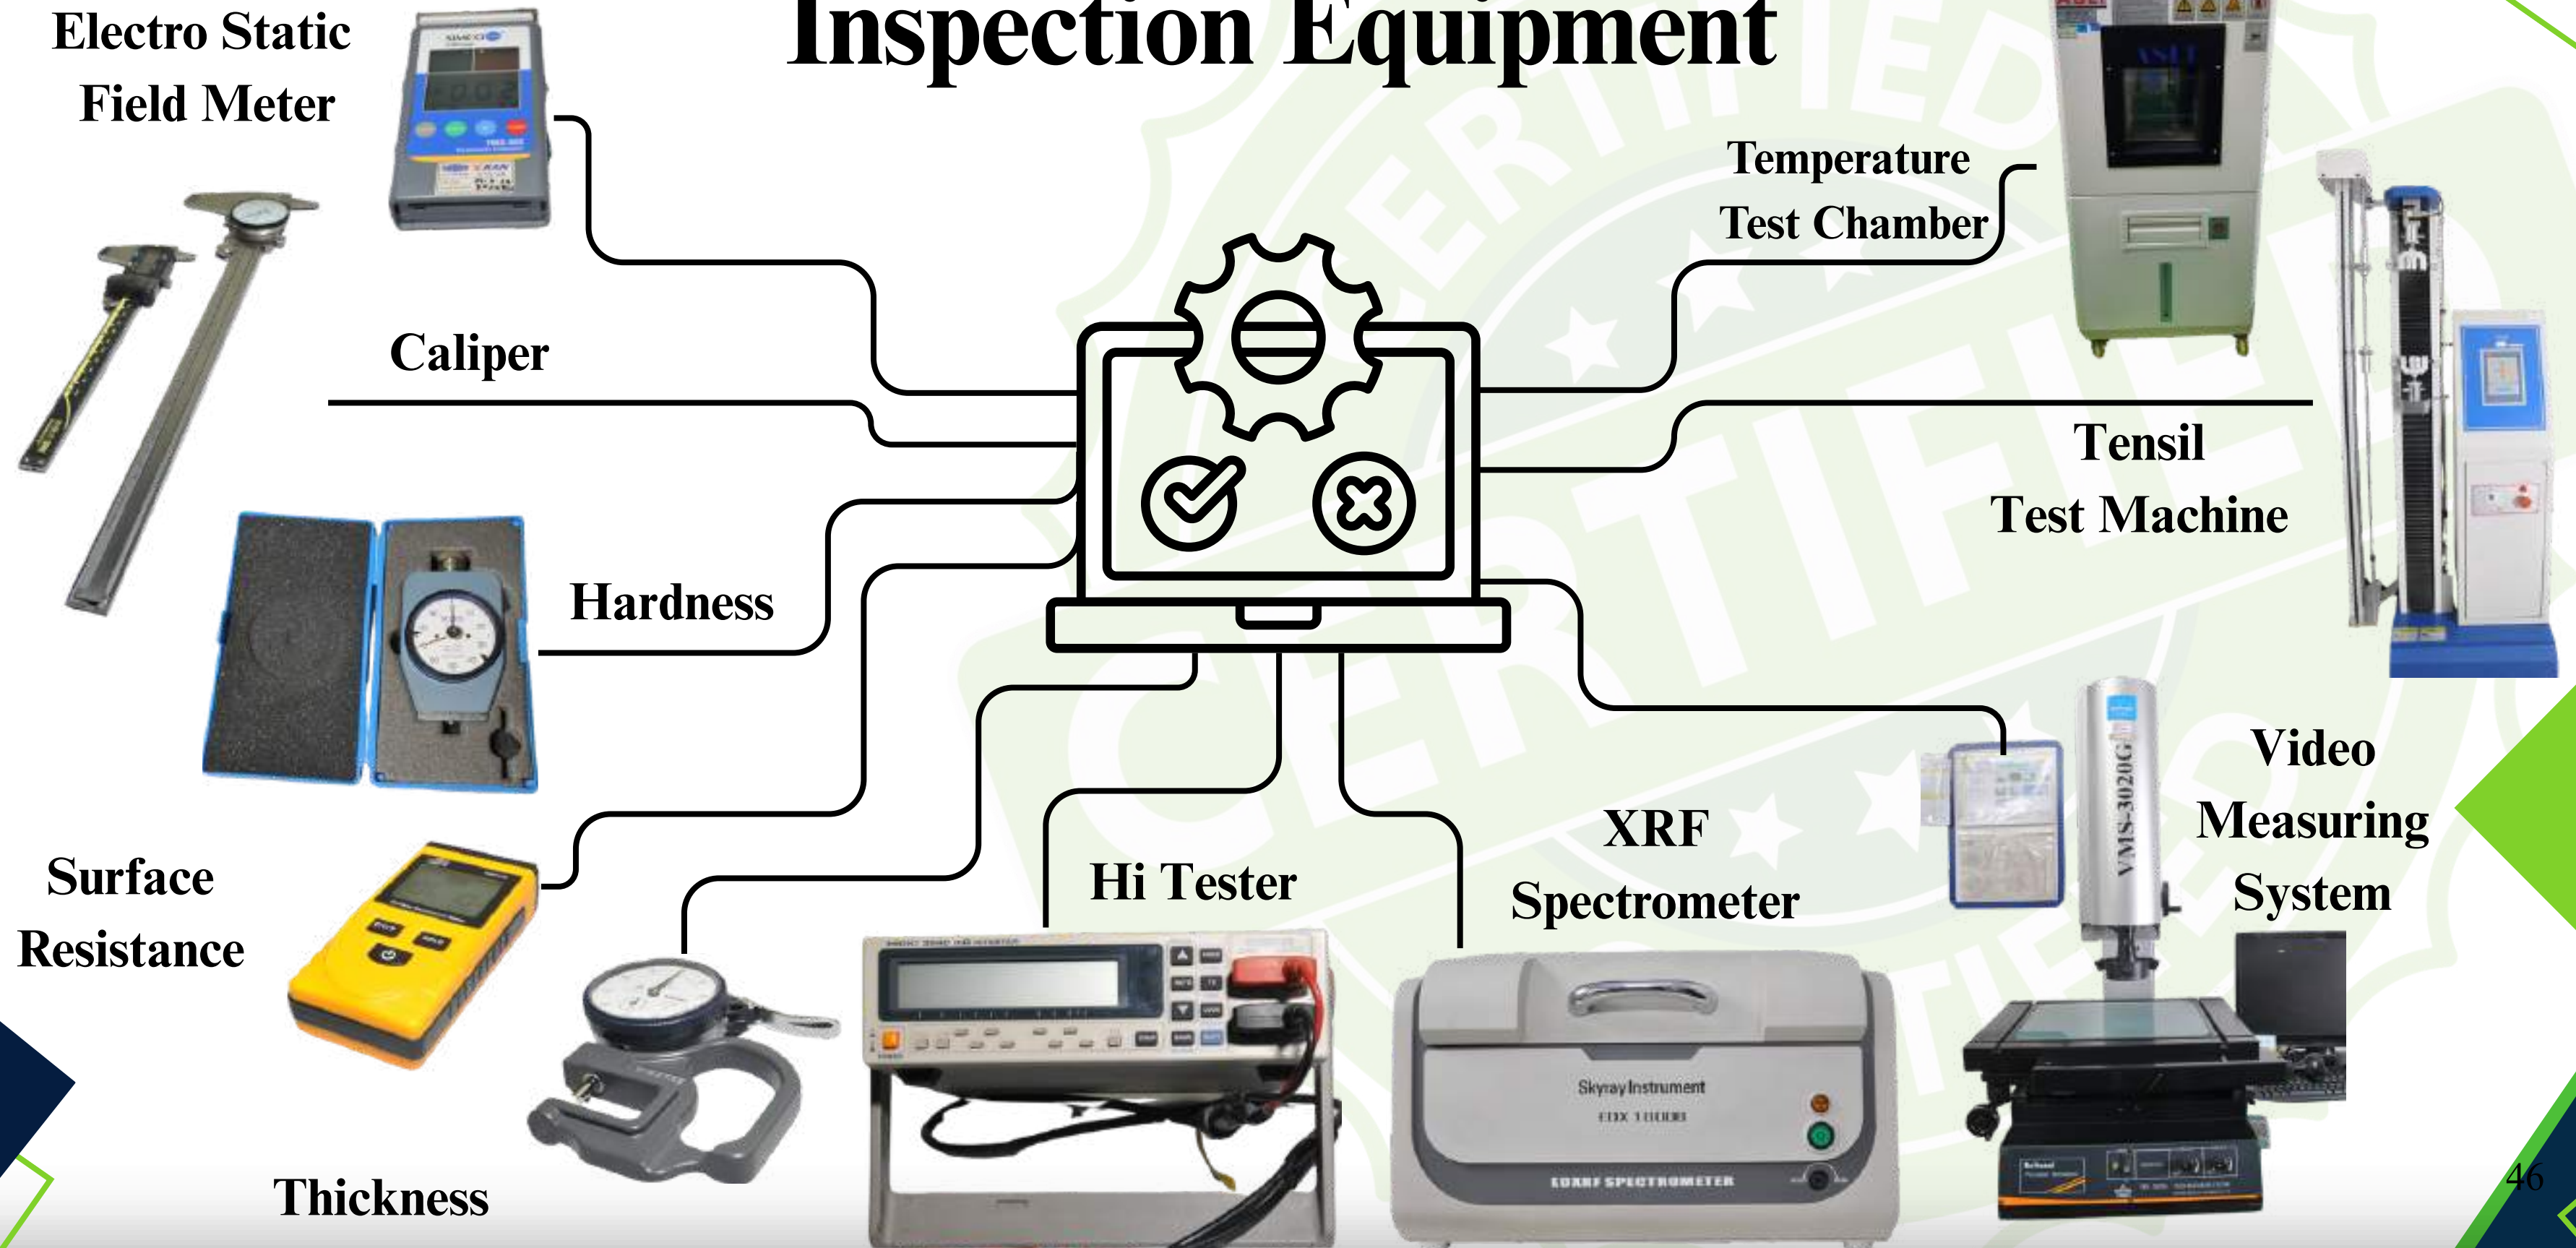

Quality Assurance

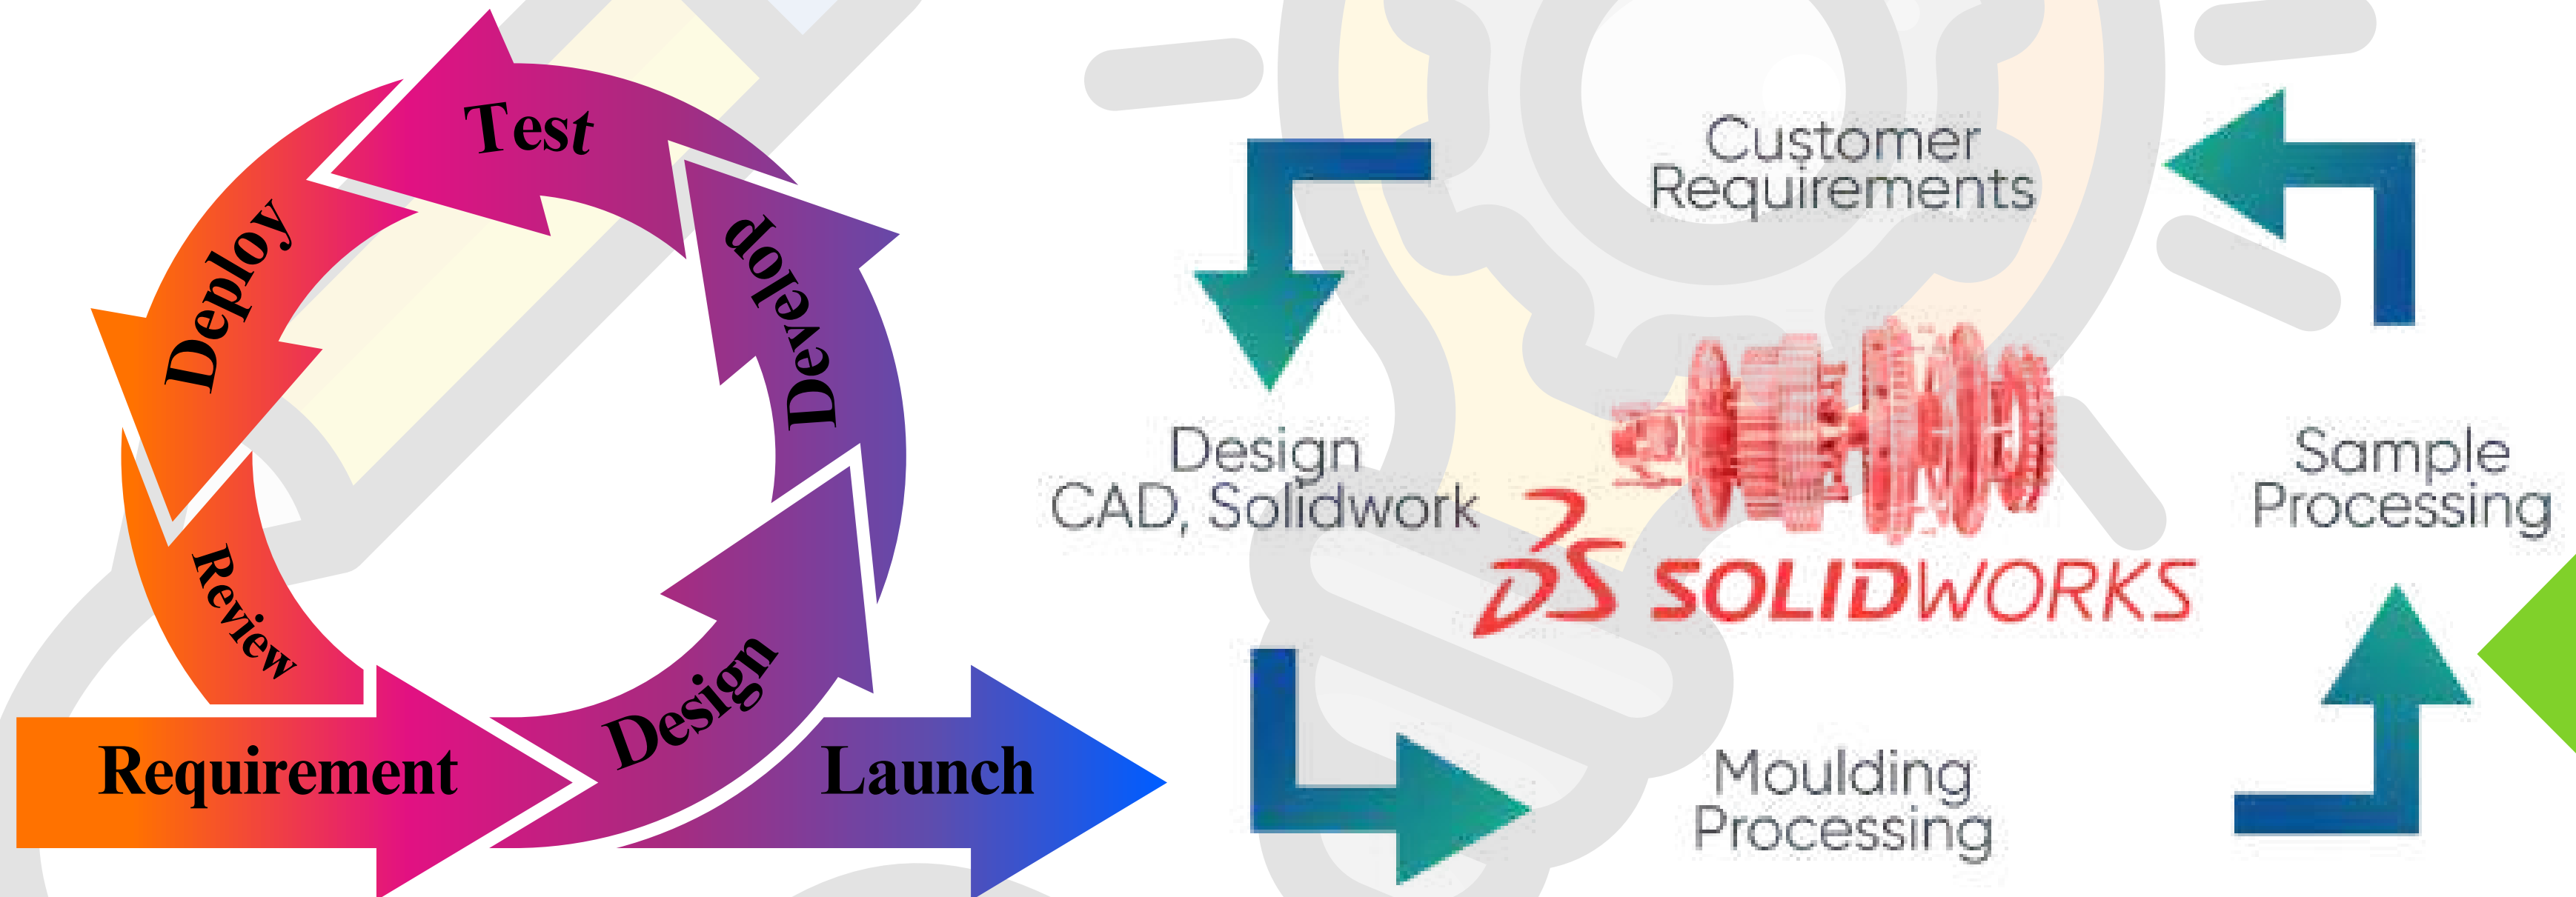

- * QA encompasses various practices such as quality planning, quality control, audits, inspections, and process improvements to achieve and maintain high-quality results.
- * Comply international standard : **ISO9001, ISO14001, ISO18001, 22000, IATF16949** and **HALAL Certification** to Guarantee our products Environments friendly and meet with our customer requirement.
